

### **Birthday Parties at CATS Gymnastics**

Parties at CATS Gymnastics are exciting, organized and full of fun for kids of all ages. Parties run for 1 ½ hours on Saturdays and Sundays and include a minimum of 2 staff to lead and supervise all gym activities. Our fun-filled birthday parties include 45 minutes spent with instructors doing age-appropriate gymnastics activities and 45 minutes in the party room. During the 45 minutes in the party room, instructors will be available to help parents while the kids eat, open presents and do any other parent-planned activities. CATS staff will clean up after the party.

**CATS will provide:** tables, chairs, refrigerator, freezer and FUN!

**YOU provide:** food, drinks, party favors, decorations and kids.

During the party, parents are not allowed out on the floor or on any of the equipment. Special arrangements can be made for parents to be on the floor with children under 3 or anyone needing special assistance. Party activities are planned around the age of the birthday child.

Birthday party activities include a gymnastics warm-up and stretch, a fun gymnastics obstacle course, 2 trampolines, a foam pit, parachute and an inflatable bounce house (upon request).
